SUBJECT INSTRUCTIONS

Physical Education (PE)

- Do something that gets your heart rate up and makes you feel good and energized for the day. Refer to the list of Lockdown Physical Activities Ideas in your Homeroom Teams or ask your parents to check their emails.

Health

- You can complete the health tasks over the course of the week.
- This week's lesson follows on from the health lessons last week and the conversations you have had in the Mindfulness lessons on a Friday morning.
- Read through the information and, if you're able to, watch the video to recap on Hauora and Te Whare Tapa Whā.
- Complete the task about Wellbeing and how each aspect of Hauora relates to you.
- Follow the instructions on creating a cultural house or Whare – get creative with resources from around the house.
- Once you have completed the first two tasks, answer the questions.

Maths

If you do not know all your times tables yet, please spend 10 minutes revising these daily.

- If you are getting work online you will be assigned work that your math teacher wants you to work on. If you need help please contact your math teacher and they will help you .
- If you are collecting the hard copy pack look at the level 3 and 4 work and select the one you feel you can manage. Again, if you need help please contact your math teacher.
- Please complete on the sheet and return it for marking on Friday after you have completed your work, or bring it to school when we all return.

Science

- Make sure you have completed the first task from Week 3.
- There are two tasks for this week. They are for year 7 and year 8. Task two should take one of the science lessons. Task three will take 2-3 of the science lessons for the week.

Integrated Literacies

- Each day you will have one and a half hours (approximately) to work on English/Social Science.
- In Teams, there are tasks to be completed each day, Tuesday- Reading; Wednesday- Writing; Thursday- Social Science; Friday- Reflection.
- Y8 students can choose either Level 3 or Level 4 (if you do not have access to Teams these will be emailed to parents from the office to access or a hard copy can be picked up at the office).
- The folder will have access to both a PDF file and Word Document of the same content - use the document easiest for you to access. A PDF file will be sent by email, if you need it in a Word document, please contact the office.

- All activities are in this file for the rest of the week.
- Year 7 students are most likely to be working at Curriculum Level 3. They can try Level 4 if they find the work too easy.
- Year 8 students should try Curriculum Level 4. If they find it too hard, try Level 3.
- If all of these are too difficult please contact your subject teacher for some easier work. There will be a Level 2 assignment in Teams.
- Do what you can in the allocated timeframe.
- Have fun learning!

INFORMATION FOR PARENTS

FAQ's

How will my child receive their work?

- Work will be emailed to all parents. This will be sent in a PDF format, if you would prefer the work in a Word document please inform the office.
- You do not have to print the emails, they can work from a device onto paper, please see comments below about returning work for feedback.
- If your child has access to Teams the work will be uploaded as assignments and you therefore **do not** need to open/print the emails.
- Hard copies can be picked up from the office after 11:00am on Tuesday 2 March and between 8:30am – 3:30pm from Wednesday 3 March. Please wear a mask to collect and keep your distance if the access is crowded (2m outside and 1 m physical distancing inside).

What happens if my child does not know what to do or does not understand the work?

- The first person to contact should be the subject teacher your child has for that subject, preferably by email. See table above for teacher's name.
- With the Science activities for this week, please email the teacher your child has for Technology, Art, Music or Food Technology in Term 1. (If unsure who this is, please email the homeroom teacher or the office- office@rangeview.school.nz)
- If you have no access to email please ring the office 838 9468 or text 021-2708981, and a message will be passed on to the teacher who will then make contact with you.

How do teachers access my child's work to mark and give feedback?

If your child has access to Teams, their work will be on this and teachers are able to access this. To access their Teams;

Go to www.office.com

- Login to your Microsoft account
- Choose your homeroom class
- Go to assignments
- Assignments for this week are labelled Week 3.
- You answer the questions directly on the documents. All of your teachers will be able to see the work and give feedback.

If your child does not have access to Teams they can complete their work using paper and pen, take a photo of the work and send it to their teacher by email. Or if you prefer, they can do their

work using paper and pen and give it to their teacher when they return to school. Teachers will mark work returned to them.

Home Learning TV

Home Learning TV can be [accessed on demand here](#) or via the TVNZ App on a device (Mobile phone, smart tv or tablet).
