

Rangeview Intermediate School

Creating excellent futures together

**HARD COPY WORK CAN NOW BE RETURNED TO SCHOOL FOR MARKING. THE OFFICE IS OPEN BETWEEN 8:00AM – 4:00PM FOR CONTACTLESS DROP OFF
(PLEASE ENSURE EACH WEEK'S WORK IS NAMED WITH YOUR CHILD'S NAME AND HOMEROOM).**

Welcome to Week 8's learning.

As you are aware school is now open, however, we will continue to provide remote learning for students who are not returning. Work can now be picked up at the office on a Friday after 1pm. You can also hand in hard copy work for marking at the office too. Please ensure each week's work is named with your child's name and homeroom.

A reminder to all that learning does not just have to be academic, it can be cultural and social too. If you are finding the academic learning becoming too stressful in your household, try some social or cultural activities. You can always return to academic activities later.

We have included some wellbeing/Hauora activities that families could do together to help during these unusual and often stressful times. The activities are not intended just to be part of the learning day, they could be used at any time to help with everyone's wellbeing. Thank you for your ongoing support with your child's learning during this stressful period.

**SUGGESTED TIMETABLE FOR HOME LEARNING
29 November – 3 December**

9.30 – 10.00	HAUORA-GET MOVING or READ
10.00 – 10.20	Online homeroom meeting on Teams

SUBJECT INSTRUCTIONS

Health and Physical Education (PE)

You can continue with the tasks below to keep you moving.

- The three scavenger hunts you can do through the week.

- The 60sec Lockdown Challenge. Complete the 60secs tasks and see if you can earn a Bronze, Silver or Gold reward.
- The Lockdown Physical Activity Ideas tasks has some ideas to keep you active.
- Concentration Tasks
- Cultural/Traditional Games Tasks
- Do something that gets your heart rate up and makes you feel good and energized for the day.
- TVNZ on demand also offer Les Mills – Born to Move classes. A chance to get moving to the music and have fun and active way.

Maths

Please spend 10 minutes on Prototec daily to continually practice and improve your mathematical number recall.

- The work you received last week is for weeks 6,7 and 8
- There are several Mystery Challenges to help revise your skills and knowledge.
- There are practical challenge uses different skills that we have covered in Geometry this term. Please complete this striving for accuracy, neatness and creativity. For this you will need to plan first and work carefully. Please make it your best work.
- The completed work from the symmetry challenge can be returned to school where we will choose some to be displayed around the school.
- Teachers will continue to be available to support you if needed.

STArt

Monday 29th Nov to Friday 3rd December

There are two documents this week - Science and Learning Experiences

- Science - This week is the food web. Work for 30 minutes of Science each day. If you are doing the science online, please turn it in when finished. If you are doing this on paper, you can take a photo of it and send it to your teacher.
- Learning Experiences - Spend the other 30 minutes choosing from the learning experiences to complete one activity each day, and review the task once finished. If you have created something please add a photo to your work if it is online, or email it to your teacher.

Integrated Literacies

- Each day you will have one and a half hours (approximately) to work on English and Social Science.
- All tasks will be found on TEAMS. Hardcopies are available from the office on Friday after 1pm.

TASKS:

Monday – SOCIAL SCIENCE

Tuesday – READING

Wednesday – WRITING

Thursday – CATCH UP DAY (this is an opportunity for you to catch up on any tasks not finished.

- # Friday – All work listed as ESSENTIAL should be completed. Do what you can in the allocated timeframe.
- Have fun learning!

INFORMATION FOR PARENTS

FAQ's

How will my child receive their work?

- Work will be emailed to all parents. This will be sent in a PDF format, if you would prefer the work in a Word document please inform the office.
- You do not have to print the emails, they can work from a device onto paper, please see comments below about returning work for feedback.
- If your child has access to Teams the work will be uploaded as assignments and you therefore **do not** need to open/print the emails.

What happens if my child does not know what to do or does not understand the work?

- The first person to contact should be the subject teacher your child has for that subject, preferably by email. See table above for teacher's name
- With the Science activities for this week, please email the teacher your child has for Technology, Art, Music or Food Technology in Term 3. (If unsure who this is, please email the homeroom teacher or the office- office@rangeview.school.nz)
- If you have no access to email please ring or text 021-2708981, and a message will be passed on to the teacher who will then make contact with you.

How do teachers access my child's work to mark and give feedback?

If your child has access to Teams, their work will be handed in on this and teachers are able to access this. To access their Teams;

Go to www.office.com

- Login to your Microsoft account
 - this will be firstname.lastname@ri.school.nz
 - note: if there are more than twenty characters in the firstname and lastname it will be the first twenty characters including the 'dot' example:
mickeymouse.donalddu@ri.school.nz
- On the left side of the page will be an icon for Teams
- Click on this and then find the **homeroom icon** e.g 7KA Homeroom

- Go to assignments
- Assignments for this week are labelled.
- Read the instructions for each subject, some you answer the questions directly on the documents, others require you to complete on paper. For the online tasks, teachers will be able to see your work and give you feedback.

If your child does not have access to Teams, they can access the work from your email, complete their work using paper and pen, take a photo of the work and send it to their teacher by email. Or if you prefer, they can do their work using paper and pen and give it to their teacher when they return to school. Teachers will mark work returned to them.

Kia haumaru / stay safe!!!
