Maths	Robyn McMillan	Riccardo Marques	Niva Tamua	Kelly Carseldine	Kyle Dowse	Kelly Carseldine	Premila Sharma	Robyn McMillan

## SUBJECT INSTRUCTIONS

### Physical Education (PE)

- Finding it hard to concentrate on your written work. See if you can concentrate on your coordination with some challenges for this week.

You can also continue with the tasks below if you have enjoyed them the last couple of weeks.

- Do something that gets your heart rate up and makes you feel good and energized for the day.
- Refer to the 'Physical Activity for Lockdown Wellbeing 2021' document for physical activity ideas.
  - There are lots of everyday activities you could do.
  - Our theme this Term is traditional and cultural games so there are also some games from around the world you could try.
- Lockdown can also be a time of stress and worry. Think about our learning in Health and the coping strategies we have discussed. It can help to do tasks that make you and others happy.
  - Refer to the 'Positive Actions for Happiness' document for some ideas.
- TVNZ on demand also offer Les Mills – Born to Move classes. A chance to get moving to the music and have fun and active way.

### Maths

Please start your lesson with a 10-15 minute time practicing your number knowledge on either Prototec, the MathsChase website or general times tables revision. **We are now starting to revise our Number and Algebra skills.**

- All **YEAR 7** students should complete the **ESSENTIALS** work and if they have more time progress onto the **EXTRA FOR EXPERTS**.
- **YEAR 8** students can start with the **ESSENTIALS** or **EXTRA FOR EXPERTS** and progress onto the next level if you finish quickly.
- **Please remember to follow instructions and show your working out.**
- A Maths Art activity was included last week. If you have worked well all week and need something different try doing this on Friday.
- The work provided will be for Wednesday, Thursday, Friday, Monday and Tuesday.
- Complete as much as you can by Tuesday afternoon ready for marking.
- **These sheets can be completed on your device if you wish.** If you do please turn them in when you have completed all of that level before progressing onto the higher one.
- You can continue working in your book if you prefer. This will all need to come into school when you return so please keep it all together. Your math teacher will want some of you to photograph your work, upload it and email it to them to show what you have done at the end of the week.
- Your math teacher will arrange a meeting with your class to go over the answers and answer any questions you have.
- If you need help with any math task please contact your math teacher. They will be happy to help. Most of them have set up times that they are available for you or will call Maths meetings.

## STArt

Wed 15 Sept - Tuesday 22 Sep

- This week's Digital Citizenship is about cyberbullying and ways to stop it.
- Work through the sheet over the week, Wednesday to Tuesday.
- If you have any questions about the work you can email Mrs Adams [kima@rangeview.school.nz](mailto:kima@rangeview.school.nz)

## Integrated Literacies

- Each day you will have one and a half hours (approximately) to work on English and Social Science.
- All tasks will be found on TEAMS. These are:
  - # Wednesday – Social Science
  - # Thursday – Reading
  - # Friday – Catch up day (this is an opportunity for you to catch up on any tasks you did not finish on Wednesday and Thursday)
  - # Monday - Writing
  - # Tuesday – Reading
- All work listed as **ESSENTIAL** should be completed. For those who need to be challenged more, work on the “Extra for Experts” and then “Extension work” after you finish the “Essential”.
- Do what you can in the allocated timeframe.
- Have fun learning!

## INFORMATION FOR PARENTS

### FAQ's

#### How will my child receive their work?

- Work will be emailed to all parents. This will be sent in a PDF format, if you would prefer the work in a Word document please inform the office.
- You do not have to print the emails, they can work from a device onto paper, please see comments below about returning work for feedback.
- If your child has access to Teams the work will be uploaded as assignments and you therefore **do not** need to open/print the emails.

#### What happens if my child does not know what to do or does not understand the work?

- The first person to contact should be the subject teacher your child has for that subject, preferably by email. See table above for teacher's name
- With the Science activities for this week, please email the teacher your child has for Technology, Art, Music or Food Technology in Term 3. (If unsure who this is, please email the homeroom teacher or the office- [office@rangeview.school.nz](mailto:office@rangeview.school.nz))
- If you have no access to email please ring or text 021-2708981, and a message will be passed on to the teacher who will then make contact with you.

#### How do teachers access my child's work to mark and give feedback?

If your child has access to Teams, their work will be handed in on this and teachers are able to access this. To access their Teams;

Go to [www.office.com](http://www.office.com)

- Login to your Microsoft account
  - this will be [firstname.lastname@ri.school.nz](mailto:firstname.lastname@ri.school.nz)
  - note: if there are more than twenty characters in the firstname and lastname it will be the first twenty characters including the 'dot' example:  
mickeymouse.donalddu@ri.school.nz
- On the left side of the page will be an icon for Teams
- Click on this and then find the **homeroom icon** e.g 7KA Homeroom
- Go to assignments
- Assignments for this week are labelled.
- Read the instructions for each subject, some you answer the questions directly on the documents, others require you to complete on paper. For the online tasks, teachers will be able to see your work and give you feedback.

If your child does not have access to Teams, they can access the work from your email, complete their work using paper and pen, take a photo of the work and send it to their teacher by email. Or if you prefer, they can do their work using paper and pen and give it to their teacher when they return to school. Teachers will mark work returned to them.

The following learning resources are available too:

Curriculum teaching and learning resources (with guidance for parents) can be found online [here for English-medium](#) and [here for Māori-medium](#)

Home Learning TV can be [accessed on demand here](#) or via the TVNZ App on a device (mobile phone, smart tv or tablet)

Mauri Reo, Mauri Ora can be accessed on demand from Māori TV for [primary-aged tamariki](#) and

here for [secondary school rangatahi](#).

Kia haumaru / stay safe!!!
