

OPTIONAL ART ACTIVITY: DEVELOPING PATTERNS

Materials: You will need **paper**, a **drawing tool** (this can be a sharpie, ballpoint pen, marker, pencil) and a shape to trace around (for example used here is a tape roll but it does not necessarily need to be a circle)

Instructions: Trace around your chosen object and repeat this, overlapping the shapes to fill your paper. Use the patterns below as inspiration but feel free to use cultural patterns or make up your own too. Fill your overlapping shapes with different patterns.
